

Rose of Sharon Ministries

Ethiopia Love Missions

Dear Rose of Sharon,

I witnessed God's Purpose in your ministry last week here at the Compound in Ethiopia. You declared the glory of God in this community. Ninety-five percent (95%) of this community is Muslim (Islam). Your ministry stormed the gates of hell. It has a pivotal effect in our future ministry in this community, to bring them out of darkness into His marvelous light.

I witnessed people being baptized by the Holy Spirit, kids in the compound inspired by your ministry and declaring God's Glory the whole day as they sang the song, "We Declare the Glory in this Place." Truly God's Glory being declared in this place, the seed has been planted and I know for sure that it will bare fruit. I know for sure that talents will be multiplied together we will win Ethiopia for Jesus Christ even though now we are dominated by the fastest growing religion called Islam.

I know in my heart that the battle is not ours but it is God's, He is always victorious at the end, but we need your prayer backup. May God bless you in your ministry around the world in bringing hope to the destitute, people who are under the yoke of the adversary (devil).

Your brother in Christ,

K, Tilahun MD, Ethiopia, Africa.
